CONTINUING MEDICAL EDUCATION CREDIT INFORMATION

Accreditation
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Surgeons and American Society of Geriatric Otolaryngology. The American College of Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA Category 1 Credits™
The American College of Surgeons designates this live activity for a maximum of 3.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Information
In compliance with the ACCME Accreditation on Criteria, the American College of Surgeons, as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest. All reported conflicts are managed by a designated official to ensure a bias-free presentation. Please see the insert to this program for the complete disclosure list.

Objectives:
The program will allow the attendee to learn valuable information in advancing his practice to offer additional care as it would relate to geriatric otolaryngological issues. He will be able to enhance his practice.
The attendee will learn about issues related to burnout as it applies to physicians.
The attendee will also be able to participate in panel discussions in regards to geriatric otolaryngological issues that they will encounter in their practice.
Triologic Winter combined Meetings
2018 ASGO PROGRAM

2:30  ASGO Business Meeting

2:40  Guest of Honor:
Michael Johns, III, MD
“Burnout in Physicians”

3:00  Keynote Speaker:
David Eibling, MD
“Establishing Highly Reliable Office Surgery”

3:20  Panel Discussion
“Office Based Procedures in Elderly Patients with Benefits and Pitfalls”
Karen Kost, MD  Moderator

4:35  Break: 10 minutes

4:45  Panel Discussion
“Bane of My Existence”
Brian McKinnon, MD  Moderator

6:00  Adjourn

Guest of Honor

Michael Johns, III, MD
Professor of Otolaryngology-Head and Neck Surgery
USC Keck School of Medicine
Director, USC Voice Center

Dr. Michael Johns, III is a professor and director of the University of Southern California Voice Center.
Dr. Johns completed medical school at Johns Hopkins School of Medicine and completed his training in Otolaryngology-Head and Neck Surgery at the University of Michigan in Ann Arbor. He continued his training by doing a fellowship in laryngology at the Vanderbilt Voice Center in Nashville, Tennessee.
Upon completion, he established the Emory Voice Center in Atlanta, Ga. He went on to have a very successful practice at this center which became one of the leading voice centers in the country.

After several years, he was recruited to the University of Southern California to establish the USC Voice Center with a patient centered team approach to providing excellent patient care. He is affiliated with the Keck Hospital of USC and the USC Medical Group

He has written multiple papers and given lectures about voice, swallowing and airway issues over his many years in practice. He is very well respected and one of the outstanding leaders in his field of expertise.

He has been instrumental in offering post training courses for residents and practicing otolaryngologists. These courses have included hands on laboratories and lectures at both centers during his years of practice.

He has been very active in promoting geriatric otolaryngological education for medical students, residents and fellow otolaryngologists. He was one of the founding members of the American Society of Geriatric Otolaryngology.

Dr. Johns is an internationally recognized clinician and surgeon.

Keynote Speaker

David Eibling, MD
Professor of Otolaryngology-Head and Neck Surgery, University of Pittsburgh
Vice-Chair for Education, Department of Otolaryngology-HNS
Assistant Chief of Surgery, VA Pittsburgh

For the past decade Dr. Eibling has focused on geriatric education, specifically addressing issues of geriatric hearing loss, balance disorders, polypharmacy, frailty, and dysphagia. He served as the first secretary of the American Society of Geriatric Otolaryngology, and is now one of the organization’s past presidents. He served a 3 year tour as the Chairman of the Geriatric Committee of the American Academy of Otolaryngology, and actively teaches medical students, otolaryngologists, and others about the association between polypharmacy and two specific disorders encountered in older adults, balance disorders and dysphagia.

Similar to many other older surgeons, Dr Eibling has become passionate about patient safety and the role that system design plays in human performance. He serves as a program director of one of 7 VA-funded Interprofessional Fellowships in Patient Safety, and has trained a number of leaders in patient safety within the VA and DOD. He commonly lectures on the topics of clinical decision support, human cognition, and system “diagnosis and treatment”.

His Keynote will address the science of High Reliability Organizations and illustrate how applying knowledge of that science can enhance the safety of in-office procedures.
